

## Indians Killed in US College Massacre

We would like to extend our condolences to the family of Minal Panchal of Mumbai, who was one of 33 students shot in the recent massacre in Virginia, USA. Many Orkut members left a note in her scrapbook via her profile before it was deleted. Over 22,000 messages were left by mourners. Also killed in the same incident was Professor GV Loganathan from India. Our thoughts are also with his family.
